

Double Belt Posts Portable

Iqs's double belt posts are a stylish and modern addition to any public place like Airports, Hotels, Cinemas, Retail Stores and more for managing queue control and crowd flow.

Manufactured from economy stainless steel, choose from three base designs in our Midline, Stackable or Roller retractable barrier models. All posts are 63mm in diameter and come with 3 metre belts in a choice of three standard colours or five optional printed belts. All belt cassettes feature built-in brakes and self-locking clips.

Product Features:

- Replacement posts & cassettes available for all belt posts.
- Smooth receiver clips to avoid snagging.
- High quality three metre belt.
- Durable self-locking clip.
- Available in six standard colours.
- Built in belt brake controls retraction rate when released.
